Custom Energy Grant

Rules & Information

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by Elk River Municipal Utilities (ERMU). ERMU shall not be responsible or liable for any personal injury or property damage caused by this equipment. ERMU does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall ERMU be liable for any incidental or consequential damages.

General Program Rules

- 1. The customer is responsible for checking with ERMU to determine funding availability and resolve questions on program rules and qualification of products prior to installation.
- 2. Installation must be complete before application is submitted and funds are issued.
- 3. Customers and vendors must submit <u>itemized equipment invoices</u>, <u>rebate application</u>, and manufacturer <u>equipment specifications</u>. To ensure that the equipment installed meets ERMU's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all equipment included in the rebate.
- 4. ERMU reserves the right to conduct random inspections of installations.
- 5. Rebates must be applied for within 12 months of invoice date.
- 6. Project must comply with all program specific rules and qualifications.
- 7. The rebate shall not exceed 50% of materials cost OR project cost up to \$30,000 per customer.
