Application Check List

- ☐ Call ERMU to check for available funds
- ☐ Rebate application with signature
- ☐ Itemized project invoices (labor & materials)
- ☐ Questions: Call Tom Sagstetter at 763.635.1332 or email at tsagstetter@ermumn.com
- ☐ Equipment specifications

The undersigned does hereby certify that the undersigned is solely responsible for the accuracy of the information contained in this application. All rules of the program have been followed and the installation is complete. The undersigned acknowledges that nothing contained in the application imposes any liability on Elk River Municipal Utilities (ERMU) for the work performed and information presented by the customer, customer's engineer, contractor, or vendor. The undersigned also authorized payment of incentive directly to the specified rebate recipient.

Rebate applications due no later than December 15, 2023.

HVAC Rebates

Rules & Information

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by ERMU. ERMU shall not be responsible or liable for any personal injury or property damage caused by this equipment. ERMU does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall ERMU be liable for any incidental or consequential damages.

General Program Rules

1. Installation must be complete before application is submitted and funds are issued.
2. Customers and vendors must submit itemized equipment invoices, rebate application, and manufacturer equipment specifications. To ensure that the equipment installed meets ERMU's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all equipment included in the rebate.
3. ERMU reserves the right to conduct random inspections of installations.
4. Rebates must be applied for within 12 months of invoice date.
5. Project must comply with all program specific rules and qualifications.
6. The customer is responsible for checking with ERMU to determine funding availability and to verify program parameters.
- 7. The rebate shall not exceed 50% of materials cost OR project cost up to \$30,000 per customer.**

RTUs, Split Systems, ASHP, RTU Economizers

- Only new central air conditioning units and remote condensing unit retrofits qualify. Rebuilds do not qualify
- If the efficiency rating is in EER and the application asks for SEER, $SEER = EER / 0.875$

Split Systems

- Both the condensing unit and the A-coil must be purchased to qualify for this rebate.

Economizers

- Enthalpy controls are required to qualify for this rebate. CO₂ controls are optional but recommended.

PTAC, Mini-Split, & Water-Source Heat Pumps

- Only new equipment units qualify. Rebuilds do not qualify.

Ground-Source Heat Pump (Geothermal)

- New installations with a new loop field and refurbished units with existing loop fields qualify
- Only closed loop systems qualify

HVAC Rebates

Packaged Terminal Air Conditioners,
Mini-Split, Water Source Heat Pump

Minimum Qualifying Criteria			
	EER / COP	\$/ton	\$/ton per 0.1 EER above base
Packaged Terminal Air Conditioners (PTAC) With electric resistance heating With heat pump heating*	10.5	\$15.00	\$2.25
	10.5 / 3		\$4.00
Mini-Split With electric resistance heating With heat pump heating*	SEER / HSPF 13.0	per unit \$250.00	\$0
	13.0 / 7.7	\$350.00	
Water-Source Heat Pumps with C.O.P. ≥ 4.1	12.0	\$20.00	\$2.00

EER - Energy Efficiency Ratio (Btu/Watt)

C.O.P. - Coefficient of Performance

PTAC w/ Resistance Heating

Manufacturer	Model	# of Units	Tons/unit	EER	COP

Rebate

\$0.00
\$0.00

PTAC Heat Pump w/ Resistance Heating
